

take note

2020 ANNUAL WATER QUALITY REPORT

Every year the Sherman DPW provides our customers with an Annual Water Quality Report (AWQR) to let them know how our water quality stacks up against established federal and state drinking water standards.

We encourage you to review this report as it provides details about the source and quality of your drinking water.

To be more environmentally responsible we are no longer printing the AWQR but have made it available on our website at

www.shermanny.org

on the DPW page under WATER. Or you can go directly to the 2020 AWQR at:

https://5fff6357-d116-40cc-9304-0c847fc0d99e.filesusr.com/ugd/341c45_444427ad94074d89856d9dad52d56de3.pdf

You can print a copy directly from our website or call the Village Office for a printout to be mailed or emailed to you.

PROPOSED LOCAL LAW 1-2021

A new local law superseding Local Law 4-2020 and amending the Village Zoning Code for the purpose of regulating Solar Energy Systems is available on the Sherman website at www.shermanny.org

Thank you to the volunteers & businesses contributing donations and time to water to beautify the Sherman business district.

SPOOFING

What is spoofing?
Spoofing is the act of disguising a communication from an unknown source as being from a known, trusted source.

Please be aware that on more than one occasion someone has successfully falsified their data to reflect the caller ID of the Village Office, neither the FCC nor the telephone company can stop this.

Do not give them any information. If you have a missed call from our number, know that we will always leave you a message.

Be

CONSIDERATE

Kindness isn't a sacrifice so much as it is being considerate of other people. Our lives touch and overlap in many ways because we are a small community. Please be considerate of others, especially your neighbors. Be aware of your noise levels, your pets wandering unleashed, tidying up after yourself, and being courteous.

Village of Sherman

Capital Projects

Preserving our Past, Serving Today, while Working for our Future

	SEWER \$6,200,000	WATER \$3,200,000	STORMWATER \$3,500,000
