The Village of Sherman is committed to securing stable and sustainable infrastructure, growing businesses, promoting health and safety of the residents, improving our parks, trails, and public spaces, bringing services to our youth, families, and senior citizens, supporting youth and adult educational initiatives, encouraging recreational events, and preserving Sherman's history and celebrations. This includes 'the needs of the people of the region of which the village is a part.'

-NY Village Law 7-722.1(f)

This will all be accomplished in cooperation and collaboration with Sherman Central, the Sherman Chamber of Commerce, business owners, organizational leaders, volunteers, village residents and citizens of surrounding townships in both public and committee meetings. Communication and the collection of ideas and insight of all interested parties and members will be exchanged and surveys distributed. Your positive input and needed contributions of time and energy is required for the success of our greater Sherman community.
